

The information contained in this web page regarding commercial products or firms may not be used for advertising or promotional purposes and is not to be construed as an endorsement of any product or firm by the Washington State Department of Ecology. This page is maintained to provide water users a list of meter vendors and installers that have attended technical training sessions that explained the water metering program of the Department of Ecology and the technical requirements for selecting a meter for pressurized water systems. If you are an equipment supplier and would like to be added to the list, or would like to have information changed, please send an e-mail to ksch461@ecy.wa.gov.

The following meter vendors and installers have received training on the Water Metering Program of the Washington State Department of Ecology and the technical requirements for assessing a system and selecting a meter of the type and style for accurately measuring water. The meter distributors and representatives and Supervisory Control and Data Acquisition (SCADA)
